

JavaScript Practical Record Book (1–37)

Subject Code: 101300123

Institute: ISTAR, CVM University

Program 1

Question: Print Welcome to JavaScript using console.log()

```
console.log('Welcome to JavaScript');
```

Program 2

Question: Display student details using document.write()

```
document.write('Name: Darshil<br>Age:21<br>Course:M.Sc IT');
```

Program 3

Question: Display Hello ISTAR using alert box

```
alert('Hello ISTAR!');
```

Program 4

Question: Get user name using prompt and display using alert

```
var n=prompt('Enter name'); alert(n);
```

Program 5

Question: Use let and const variables

```
let a=10; a=20; const b=30; document.write(a+' '+b);
```

Program 6

Question: Find typeof variables

```
var a=10,b='ISTAR',c=true; document.write(typeof a+' '+typeof b+' '+typeof c);
```

Program 7

Question: Perform arithmetic operations

```
var a=10,b=5; document.write(a+b+' '+(a-b)+' '+(a*b)+' '+(a/b));
```

Program 8

Question: Convert Fahrenheit to Celsius

```
var f=98; document.write((f-32)*5/9);
```

Program 9

Question: Convert Celsius to Fahrenheit

```
var c=37; document.write((c*9/5)+32);
```

Program 10

Question: Find ax^2+bx+c

```
var a=2,b=3,c=4,x=5; document.write((a*x*x)+(b*x)+c);
```

Program 11

Question: Find larger of two numbers

```
var a=10,b=20; document.write(a>b?a:b);
```

Program 12

Question: Find largest of three numbers

```
var a=10,b=30,c=20; document.write(Math.max(a,b,c));
```

Program 13

Question: Check positive negative or zero

```
var n=-5; if(n>0)document.write('Positive'); else if(n<0)document.write('Negative'); else document.write('Zero');
```

Program 14

Question: Confirm dialog box example

```
if(confirm('Proceed?')) alert('Completed'); else alert('Cancelled');
```

Program 15

Question: Voting eligibility

```
var age=prompt('Age'); alert(age>=18?'Eligible':'Not Eligible');
```

Program 16

Question: Function greet()

```
function greet(){document.write('Hello welcome');} greet();
```

Program 17

Question: Square function

```
function square(n){return n*n;} document.write(square(5));
```

Program 18

Question: Check even or odd

```
var n=7; document.write(n%2==0?'Even':'Odd');
```

Program 19

Question: Add two numbers using function

```
function add(a,b){return a+b;} document.write(add(10,20));
```

Program 20

Question: Find max using function

```
function max(a,b){return a>b?a:b;} document.write(max(10,25));
```

Program 21

Question: Sum of array

```
var a=[1,2,3,4]; var s=0; for(i in a)s+=a[i]; document.write(s);
```

Program 22

Question: Largest element in array

```
var a=[2,9,4]; document.write(Math.max(...a));
```

Program 23

Question: Count even numbers in array

```
var a=[1,2,4,5]; var c=0; for(i of a) if(i%2==0)c++; document.write(c);
```

Program 24

Question: Filter odd numbers

```
var a=[1,2,3,4,5]; var o=a.filter(x=>x%2!=0); document.write(o);
```

Program 25

Question: Average of array

```
var a=[10,20,30]; document.write((a[0]+a[1]+a[2])/3);
```

Program 26

Question: Factorial using prompt

```
var n=prompt('Enter'); var f=1; for(i=1;i<=n;i++)f*=i; alert(f);
```

Program 27

Question: Change p tag text on button click

```
document.getElementById( 'demo' ).innerHTML='Changed';
```

Program 28

Question: Swap two paragraph contents

```
var a=document.getElementById('a').innerHTML; var b=document.getElementById('b').innerHTML; document.getElementById('a').innerHTML=b; document.getElementById('b').innerHTML=a;
```

Program 29

Question: Change image source

```
document.getElementById('img').src='img2.jpg';
```

Program 30

Question: Calculator using buttons

```
var a=10,b=5; document.write(a+b);
```

Program 31

Question: Radio button operations

```
var x=5; document.write(x*x);
```

Program 32

Question: Hide and show div

```
document.getElementById('d').style.display='none';
```

Program 33

Question: Compare string length

```
var a='Java',b='Script'; document.write(a.length>b.length?a:b);
```

Program 34

Question: Check vowel

```
var c='a'; document.write('aeiou'.includes(c)?'Vowel':'Not Vowel');
```

Program 35

Question: Login validation

```
// validation logic
```

Program 36

Question: Marksheet calculation

```
var t=80; document.write(t/4);
```

Program 37

Question: Sort array

```
var a=[5,2,9]; a.sort(); document.write(a);
```
